BOENICKE - the honest company
audio

"I confirm with my signature and by our reputation
that it is our upright wish and goal to invent,
design and manufacture the most honest products possible.
That means that here, you do not get less than what meets
the eye from the outside. But even much more."

A stylized, handwritten signature in black ink, consisting of a large, sweeping 'B' followed by a series of loops and a final horizontal stroke.
